Micah Peterson

FULL STACK WEB DEVELOPER

About

I'm team and goal-oriented with a compulsion to problem-solve. I love creating apps from scratch, revamping old ones or helping others through major blockers. I'm looking for full-time work, contract or permanent roles where I can hone known skills as well as add some new ones.

Development Skills

- TypeScript
- JavaScript
- React
- Redux
- HTML / CSS / SCSS
- Python
- SQL / PostgreSQL / Sequelize
- Azure DevOps
- SPFx / Teams Development
- PHP
- WordPress/ Divi / Elementor
- Git / NPM
- Bash and PowerShell
- Object Oriented Programming
- And many more...
